Welcome to the monthly Mathletics Newsletter. Term 3 has been a busy term for schools and the team at 3P have also been busy making changes to the website to make Mathletics even better to use.

News from 3P Learning

- As part of National Literacy and Numeracy Week we held the 2008 Maths & Spelling Challenge from the 2nd to 4th of September. Over 60 000 students nationwide participated with a phenomenal 17,873,926 correctly answered questions in 48 hours.
- Mathletics is excited to announce the opening of its new office in Canada as of the 18th September. Be on the lookout for more Maple Leaf flags on our Hall of Fame and in Live Mathletics.

Development News

We are delighted to announce some fantastic new features.

- **The Results Manager** is now even easier to use with the following functions: preview activities; a scrollable student list; the option to cancel all activities and view the teacher guides. For more information about the Results Manager click [here](#).
- **Teacher Centre**: New maths games for Primary students have been added to the Student Centre. Students will now see 'My Games' instead of 'My Profile' when they sign in. The games can be turned on or off using the button in the Course section.
- **Teacher Centre**: Outlines are now available for all courses. International courses for Primary are also live and available for use.
- **Student Centre**: Games release! This is for primary students only. Ten new student games have been added. The games are locked - and each one will become unlocked with the gaining of a gold bar.
- And there are many, many more exciting new features in the pipeline!
